

‘UK’s lowest monthly price on the latest phones with no upfront cost and Unlimited Calls and Texts for Sky TV customers’

We have compared our Swap24 pricing with 500MB of data against published standard pricing available from competitors selling phones and airtime on pay monthly contracts (either as a pay monthly package where phone and airtime are bundled together, or as separate device and airtime plans), and compared against their minimum committed monthly price with no upfront costs, unlimited minutes and texts, and with a data allowance.

All competitor contracts and loan agreements (as applicable) have a minimum term of 24 months. Sky’s interest free loan is repaid over 30 months. Prices shown are for new handsets.
