## UK Service Numbers

For calls to chargeable service numbers (starting 084, 087, 09 and 118), the cost of the call will be broken down into two parts:

An **Access Charge** - this part is what Sky charges you for these calls.

	£ per minute
Access Charge	0.45

A **Service Charge** - this is the rest of the call charge. The organisation you're calling decides how much this charge will be and will tell you this.

Both the Access and Service charges make up the total cost of any call to a chargeable service number.

There are four different ways the Service Charge can be calculated. The service number you are calling will fall into a 'charge-band' with a corresponding rate (set out in the tables below).

### Charge-bands

A charge-band is assigned to a set of numbers which are charged the same rates.

Charge-bands have codes designated to them e.g. 'Service Charge 1'. Each charge-band is explained in more detail below.

This Tariff Guide shows the calling charges assigned to the charge-bands. For a list showing which numbers are attached to which charge-bands, please refer to the Specialised Numbers Guide at [sky.com/specialisednumbers](http://sky.com/specialisednumbers). Use that document in conjunction with this Tariff Guide to find out the cost of a particular call.

Voice Short Code calls (used for voting on TV shows such as X-Factor or Strictly Come Dancing) are charged per connected call and the charge is set by the organisation you are calling and they will explain the cost when promoting the number. A charge band is assigned to these short codes which are charged at the same rates.

Charge-bands have codes designated to them e.g. 'Voice Shortcode Chargeband 1'. Each charge-band is explained in more detail below.

This Tariff Guide shows the calling charges assigned to the charge-bands. For a list showing which numbers are attached to which charge-bands, please refer to the Specialised Numbers Guide at [sky.com/specialisednumbers](http://sky.com/specialisednumbers). ## Roaming Charges

When you travel abroad we'll text you information about the roaming charges in the destination you're visiting.

We've also set up a worldwide data roaming spend cap of £42 per month for each SIM so you'll never spend more than you want to on data. If you prefer, you can remove this cap at [sky.com/settings](https://sky.com/settings).

Calls made to your Sky voicemail from abroad (+44 7488 222000) will be charged at the same rate as calls to UK landlines from abroad.

Calls made to Sky Mobile Customer Service from abroad are inclusive only when calling: +44 131 2783778.

Picture messages can only be sent to UK mobile numbers.

### Roaming Passport (within the EU/EEA)

You're now able to use your phone in more than 30 EU and EEA destinations at no additional cost. Any mobile data used will come out of your UK data plan. You can also use data from your Sky Piggybank whenever you need it or if you need more just mix up your plan at My Sky.

If you have Unlimited Calls and Texts whilst you are roaming in the EU/EEA, calls and texts to standard EU/EEA mobiles and landlines will be inclusive (and it won't cost anything extra to receive calls either).

If you're a Pay As You Use customer whilst you are roaming in the EU/EEA, the cost to make a call or send a text message to standard EU/EEA mobiles and landlines is 10p per minute or per text (and it won't cost anything extra to receive calls either).

The cost to send a picture message is the same as if you were sending it from the UK (40p per message).

You'll find the complete list of EU/EEA destinations where you can roam at no extra cost below.

Austria	Germany	Malta
Azores	Gibraltar	Netherlands
Belgium	Guadeloupe	Norway
Bulgaria	Greece	Poland
Canary Islands	Hungary	Portugal
Croatia	Iceland	Reunion
Cyprus (Northern)	Ireland (Republic of)	Romania
Cyprus	Italy	Slovakia
Czech Republic	Latvia	Slovenia
Denmark	Liechtenstein	Spain
Estonia	Lithuania	Sweden
Finland	Luxembourg	
France	Madeira	

Roaming Passport applies when using data or making/receiving a call or sending a message to standard mobile and landline numbers in the EU/EEA. Calls and messages made or sent from the UK to EU/EEA numbers are excluded as they are not roaming calls/texts (please see "International Charges" for more information on how these calls and messages are charged).

Calls and messages made or sent whilst roaming in the EU/EEA to numbers in destinations outside the EU/EEA will be charged as follows:

- Unlimited Calls and Texts customers – you'll pay the charge set out in the International Charges section below.
- Pay As You Use customers – you'll pay £0.10p per minute/text plus the charge set out in the International Charges section below.

### Roaming Passport Plus (outside of the EU/EEA)

Roaming Passport Plus is a data only proposition which gives you access to your **UK data plan** in 12 popular roaming destinations outside the European Union. It will be **automatically** activated and added to your account when you use mobile data in these destinations. **You will still be charged out of bundle rates for voice and texts** as displayed in the table below.

Roaming destination	Data	Calls to local or UK mobile and landline numbers	Receiving calls	Texts to local mobile numbers or to UK mobiles	Picture messages to UK mobiles
		£ per minute		£ per message

Turkey		0.30	0.08	0.08	0.48

Roaming Passport Plus is automatically activated when you use mobile data and grants you 24 hour access to your UK data plan whilst abroad in one of the countries listed in the table above. 24 hours start when data is used for the first time whilst abroad (rather than midnight to midnight). After this a new Roaming Passport Plus is activated for each 24 hour period when you use mobile data.

Unfortunately, there may be some rare occasions where our services will not work for you whilst you are abroad. You can check your current service availability in a particular destination before you travel by contacting us on 03442 414141.

Whilst roaming outside the EU/EEA, calls and texts to all other destinations (i.e. aside from the roaming destination and the UK) will be charged at the local roaming charge + the standard international charge.

## International Charges

Charges for calls and texts to international destinations from the UK fall into one of two types:

1. Standard charges; or
2. Discounted charges for customers with International Saver (see International Saver section).  
Destinations in bold are included.

The charges below only apply to mobile and geographic landline numbers in those destinations.

Picture messages can only be sent to UK mobile numbers.
